Title: CAMBODIA CONSTRUCTION INDUSTRIAL EXPO 2014

:

Location Phnom Penh

Description The 3th Cambodia Constructors Association Summit & Construction Industry Expo is scheduled for December 3-5, 2014 at the Diamond Island Exhibition and Convention Center and will bring together professionals from the construction industry as well as government officials.

The expo will feature some 280 booths and showcase a wide range of materials and services from building materials and decoration to mechanical and electrical (M&E) equipment and technology to plumbing and water supply systems, machinery, and mechanical and steel forms. Several property development projects will be represented as well as information provided on services related to the construction and property sectors, including from real estate agencies, banks and insurers.

Exhibiting at the trade fair can bring real benefits to firms, and CCA encourages material producers and dealers, M&E material and technology suppliers, water and plumbing suppliers, property developers, real estate agencies, banks and financial institutions, architectural and interior design consultancies, insurance firms and other related businesses to sign up for booths. It will be an opportunity to meet others in the sector as well as make contacts with new customers.

Organizers predict this first Cambodian flagship building expo will attract hundreds of thousands of local and international visitors and exhibitors looking for information on the sector or seeking new business opportunities.
