Title: Campura Triangulum Corporation
Price: \$
Location: Phnom Penh
Description: Introducing Campura Triangulum Corporation

Campura Triangulum Corporation is a locally-registered company which our website is www.campura.com. We used Campura Systems Corporation as our brand name, while Campura Triangulum Corporation is the legally registered company that will transact with you.

Driven by a strong interest to close the wide gaps between customers' expectations and the service delivery that is always the cases for most of the early technology service providers in Cambodia.

Campura Corporation, the brand of which is known as Campura, has been conceived of in 2007 as a system integrator by a group of people with extensive experiences in the field but with a different mind-set oriented toward customer's value proposition realization.

From then, the company has grown in both market share and reputations for being straightforward in services delivery. Within a short span of time, we become one of the leading system integration companies in the country.

The company now has more than 40 people, all of which are trained toward one goal: earning customer's trust by being the best in class in term of service delivery on a sustained basis. Our technical people are proven and duly certified by key vendors.

We have partnered with the world's renowned top technology providers such as Microsoft, EMC, vmWare, IBM, Cisco, ComScope, Oracle, Diebold, Ingenico, Neptune, Alcatel-Lucent, INfOR, RAD, VocalTec, RADWIN, Comarcom, Datacard, Sage Accpac, Gurango plus certain other business applications targeting specific industries.

We're Microsoft Gold Certified Partner and Cisco Premier Partner. In 2009, we won three awards from Microsoft, Best Competency Partner twice in a row and the 1st prize winner of the Microsoft Sales Force Challenges.
